

# Your Education, Your Voice, Your Vision

## Poll Results

The Your Education, Your Voice, Your Vision campaign by the IUA Enhancing Digital Teaching and Learning in Irish Universities project, aimed to crowd-source the vision for university learning in a post-Covid environment; challenging third-level students across Ireland to project themselves into the post-pandemic future and imagine their learning experience. Our goal, is to use students' remote learning and assessment experiences to help create a better and brighter future for third-level education in Ireland. We want to imagine a future that caters for every student in Ireland, where no one is left behind.

The Your Education, Your Voice, Your Vision campaign ran from the 17th April 2021 – 10th May 2021 via Instagram, TikTok and Facebook.

In an ideal world what does your learning in a lecture look like?  
Sample size: 4,703

**56%**
